

QUARTER FOUR  
REPORT

# National Capital District- Malaria Supervisory Health Facility Visits

2024

**Dien Wama**  
PROVINCIAL MALARIA SUPERVISOR - NCDPHA

## SUMMARY DETAILS

Name of Officer:	<b>Dien Wama</b>
Accompanying Officer:	<b>Mr. Mea Bae – SMHS - UPNG</b>
Destination:	<b>National Capital District</b>
Date of Visits commenced:	<b>12.11.2024 to 27.11.2024</b>
Number of Days:	<b>7 days</b>
Purpose of Visit:	<b>2024 Round 4 of Supervisory Malaria Visits &amp; Distribution of RDT, MALA 1 and Antenatal and Positive Mosquitoes Nets</b>

## PURPOSE OF VISIT

1. Conduct supervisory M&E visit and a view to improving Malaria record and reporting in NCD.
2. Coordinate the distribution of Malaria commodities to accessible Health Facilities, which includes RDT, Malaria Test Kits, Artemisin Combine Therapy Drugs, and Antenatal Nets for Pregnant women and Positive Nets for Positive Patients.
3. Identify challenges that are faced in the facilities and take necessary measures to correct them.
4. Conduct short on-site trainings with Health Facility staff on the current malaria treatment protocol, Use of the types of RDT, Filling of Malaria Register, Malaria Reporting and
5. Maintaining a good working relationship with RAM and the Health Facility Staff as well as other partners in NCD.

## **BRIEF BACKGROUND**

The National Capital District of Papua New Guinea is the Capital of PNG. Although it is surrounded by Central Province, where Port Moresby is also the capital, it is technically not a part of that Province and is a province of its own. Port Moresby city and the capital of Papua New Guinea, southwestern Pacific Ocean. The City is situated on the eastern shore of Port Moresby Harbor of the Gulf of Papua. Before the arrival of Europeans, the area around the harbor of the Gulf of Papua. the area was inhabited by the Motu and Koitabu people, fishermen and yam famers who traded with other settlements up and down the coast. The Harbor was explored in 1873 by Captain John Moresby. Who named its two sections Fairfax and Moresby for his father, Adm. Sir Fairfax Moresby. The entire area later became popularly known as Port Moresby after the British annexed it in 1883-84, and the town became a main Allied base and primary a Japanese objective during World War II (Britannica, 2021). NCD has three districts which includes Port Moresby South, Port Moresby North East and Moresby North West District. NCD has a total of 27 Health Facilities two of the facilities are permanently closed. Twenty-Five functioning Health Facilities caters for most of the Population in the City as well as people from the boarder Province of Central & Gulf.

### **Drivers**

**Assisted the PMS from the 12.11.2024 to 27.11.2024 for 7 days.**

1. Garry Junior – Program Driver Assisted with Stock counts, M&E, Drug Distribution on the 12.11.24
2. Terrence Ua – Program Driver Assisted with Stock counts, M&E, Drug Distribution on the 13.11.24 to 15.11.24
3. Tau Gini – Program Driver Assisted with Mosquito Nets Distributions on the 25.11.24 to 27.11.24

### **People Met with**

1. OIC/Clinic Managers and Health Staff of all the Health Facilities in NCD

### **VEHICLE USE**

- [RAP 300 – RAM Vehicle \(Nissan Patrol\)](#)
- [BCF 021 – RAM Vehicle \(Hino\)](#)

## **SUMMARY OF SUPERVISORY HEALTH FACILITY VISITS**

**Table 1.** Health Facilities in the province and their accessibility.

	<b>District</b>	<b>Health Facility</b>	<b>Health Facility Type</b>	<b>Agency</b>	<b>Accessibility</b>	<b>Accessibility Status</b>
1	North East	Bomana Police	UC	Government	Road	Accessible
2	North East	Bomana CIS	UC	Government	Road	Accessible
3	North East	Gordons	UC	Government	Road	Accessible

% Coverage (Accessible)	100.0	100.0	100.0	100.0
% Coverage (Total HF's)	88.9	88.9	88.9	88.9

**ANC LLIN REPORT**

1. Antenatal Nets for Q1 NCD.

2024 ANC Net Distribution in NCD	
Quarter One (1)	2350
Quarter Two (2)	2300
Quarter Three (3)	3600
Quarter Four (4)	2950

**Total Antenatal Nets Distributed for 2024 is 11200**

**POSITIVE LLIN REPORT**

2. Positive Nets for Q1 NCD.

2024 Positive Net Distribution in NCD	
Quarter One (1)	950
Quarter Two (2)	1150
Quarter Three (3)	2150
Quarter Four (4)	1250

**Total Positive Nets Distributed for 2024 is 5500**

**ACCOUNTABILITY OF MALARIA DRUGS & RDT -STOCK**

All NCD stock are left at NCDPHA storeroom. After Quarter 3 distribution Buffer, stock as of [02.12.2024](#)

- RDT - 0
- ACT 6 - 0
- ACT 12 - 2
- ACT 18 - 4
- ACT 24 - 10
- Primaquine 7.5mg - 106

**QUARTER FOUR SUPPLY BATCHES/SOURCES**

Q3 SUPPLY- NCD	Global Fund -Supply		NDOH- Supply	
	Batch	Expiry	Batch	Expiry
RDT			H00D00D	Nov 2026
ACT 6			D1APH002	Apr 2027

Primaquine			060324	Feb 2027

NB : PACKING LIST WAS NOT MADE AVAILABLE FOR ME BY OFFICER CONCERNED SO COULD NOT INCLUDE IT HERE...MY APOLOGIES

## FINDINGS AND OBSERVATION

HEALTH FACILITY	RDT/ACT STOCK MANAGEMENT	TREATMENT	LLIN	REPORTS
<b>Bomana Police</b> Date: 13.11.24 Date: 25.11.24	Has a very small Dispensary quite overfull with no proper stock management	Staff aware of treatment as one was trained in May 2024	No ANC nets Positive nets supplied x 50 have in stock 27	Timely Reporting done
<b>Bomana CIS</b> Date: 13.11.24 15.11.24	Have an organized Dispensary room with stock cards used	Aware of treatment protocol	No LLINs supplied to this facility	Very Poor Reporting Supplies Given Used Without Accountability- No Records/Reports- Closed twice we visited
<b>Gordons</b> Date:13.11.24 Date: 25.11.24	Have a dispensary but due to drugs used without recording, all malaria commodities are kept in small cabinets	Aware of treatment protocol	ANC nets good reports. Positive nets recording ok ANC nets issued:300 Positive nets issued:200	Timely submission of reports
<b>POM Gen</b> Date:13.11.24 Date: 25.11.24	All supplies stored at the POM Gen Medical Store and later per order of unit dispensaries are supplied	NO TRAINING AS YET	Good Antenatal Net Accountability. Opened last bale when I visited ANC Nets issued: 500	No ENHIS Malaria registering only Monthly reports ALL Mala One, RDT and Primaquine are from NDOH Logistics
<b>Six Mile</b> Date:13.11.24 Date: 25.11.24	Air-conditioned Dispensary very organized, however Malaria commodities not kept in the dispensary. For better monitoring all Malaria Drugs and RDT are kept with the OIC of Malaria	Well aware of treatment and are following it well  Had Mala 1 in stock when I visited, controls stock well	Good Antenatal and Positive net accountability ANC Net issued: 300 Positive Net issued: 200	Submits reports well
<b>Nine Mile</b> Date: 13.11.24 25.11.24	Supplies kept in the main Dispensary stock cards available but not updated	Well aware of treatment and are following it well	Good Antenatal and Positive net accountability ANC net issued:300 Positive nets issued: 100	Submitting Reports well
<b>Jackson's Airbase</b> Date: 13.11.24 15.11.24 25.11.24	Newly Renovated Dispensary. RDT and Drugs stored well in the air conditioned room and locked	Aware of treatment protocol	Good ANC nets accountability ANC net issued: 100	Reports seem to be improving as they are been taken shots of and sent. No reports sent via eNHIS
<b>Susu Mama</b>				
<b>PNGEI</b> Date: 13.11.24	Drug stored in locked room. Stock cards not used	Aware of the treatment protocol	No ANC services	Poor reporting and accountability of drugs and RDT
<b>Gerehu Hospital</b> Date: 15.11.24 26.11.24	All Drugs and RDT stored in the pharmacy, no stock card used but according to the in charge they are updated in the m-supply	Staff attended Malaria Refresher training in May 2024 and had in-house training for staff in each sections	Good accountability of ANC Positive Nets not recorded well. ANC nets issued:400 Positive nets issued: 100	Reports submitted well
<b>Morata</b> Date:14.11.24	Drugs and RDT kept in the Dispensary stock cards used	Aware of treatment protocol	Good ANC nets reporting while	Reporting not done through eNHIS but shots

<b>26.11.24</b>	and updated by staff in charge but when he is off duty or leave stock cards are not updated		Positive nets reporting very poor accountability ANC nets issued:200 No positive nets issued	taken and sent for updates to be done by PHIO in the office
<b>Murray Barracks Date: 14.11.24 26.11.24</b>	Drugs and RDT kept in locked Cabinets	Aware of treatment protocol	Good ANC nets accountability ANC nets issued:100	Reporting not done through eNHIS but shots taken and sent for updates to be done by PHIO in the office
<b>Begabari Date:14.11.24</b>	Well organized air conditioned Pharmacy which all RDTs and ACTs are stored	Aware of treatment protocol	Poor accountability of both nets so no nets given	Late submission of reports due to in-house issues
<b>St Therese Date: 14.11.24 26.11.24</b>	Drugs and RDT stored in the dispensary. Stock cards updated by Nurse in charge	Aware of treatment protocol and practicing it well	Good accountability of ANC and Positive nets. ANC nets issued:100 Positive nets issued:50	Good reporting in place both eNHIS and hard copies submission is timely
<b>Tokarara Date:14.11.24 26.11.24</b>	Drugs and RDT kept well in the Dispensary stock cards updated	Practicing Malaria treatment protocol well	Good accountability ANC and Positive nets ANC nets issued:100 Positive nets not issued: had in stock	Good and timely submission of reports
<b>UPNG Clinic Date:14.11.24 26.11.24</b>	Drugs and RDT kept well in the air conditioned Dispensary, stock cards were issued	Practicing treatment protocol	Good Accountability of Nets. ANC nets in stock Positive nets issued:50	Reports submitted up to date
<b>St Paul's Date:14.11.24</b>	Drugs and RDT stored in the air conditioned Dispensary	Practicing treatment protocol well	Good accountability of nets issued in Q3 Both nets in stock as clinic were closed since September 2024	Reports submission is up to date
<b>Badili Date: 12.11.24</b>	All Drugs and RDT stored in the Dispensary. Stock cards issued	Practicing treatment Protocol well	Accountability of nets quiet poor. Both nets not issued Q4	Not up to dates with Reporting
<b>PILAG Date:14.11.24</b>	Drugs and RDT are locked in a cabinet	Practicing treatment well	No ANC services	Submits reports well but is late
<b>Kila Kila</b>				
<b>Lawes Road Date:12.11.24 27.11.24</b>	Drugs and RDT stored in the air conditioned dispensary	Trained new staff in May 2024 for the treatment protocol	Good ANC nets accountability. ANC nets issued:200 Positive nets issued:100	Reporting still very poor. Shots taken and sent to PHIO to update in the office not done through eNHIS
<b>Pari Date: 12.11.24 27.11.24</b>	Drugs and RDT stored in the Dispensary	Practicing the treatment protocol	ANC nets issued:50 Positive nets issued: 100	Good report submission

<b>Vabukori</b> <b>Date: 12.11.24</b>	Drugs and RDT stored in OIC office. No stock cards used	Practicing the treatment protocol	Both nets in stock No nets issued	Submission of all reports
<b>PNGDF</b> <b>Taurama</b>				
<b>Four Square (Kaugere)</b> <b>Date: 12.11.24</b> <b>27.11.24</b>	Only facility with pharmacists recruited. All drugs and ACT stored in the air conditioned Dispensary	Practicing treatment protocol	ANC nets issued:50 Positive nets issued:100	Timely report submission
<b>Ulamagi</b> <b>Date: 12.11.24</b> <b>27.11.24</b>	Drugs and RDT stored in the Outpatient room in a small Cabinet	Practicing treatment protocol well	ANC nets issued:100 Positive nets issued:150	Improvement seen in reports submission
<b>Salvation Army</b> <b>Date:12.11.24</b> <b>27.11.24</b>	Drugs and RDT stored well in a spacious Dispensary room	Practicing treatment protocol well	ANC Nets issued:50 started Positive Net today issued : 50	Improved on report submission by sending shots timely but not reporting through eNHIS

### SUMMARY OF THE FINDINGS

1. Health Facilities had enough stock of Anti-Malarial Drugs as it was supplied in Q3 visitation.
2. Few Facilities had nil stock of Antenatal Nets and Positive Nets and also Fansidar for antenatal mothers for prophylaxis was available
3. Bomana CIS not reporting well and may affect their supplies if they continue under reporting.
4. No Major Stock out reports of RDT and ACTs.
5. Facilities were using Parascreen RDT Kits with expiry dates December 2024 after distribution was done within them before Q4 Distribution.
6. Port Moresby General Hospital Malaria commodities are procured and supplied by NDOH Logistics. Over supplied Malaria Commodities were moved to 6Mile Warehouse so they had enough in stock.

### NHIS REPORTING

Most Health Facilities are filling the Malaria Registers very well and accounting for the RDT and ACTs used while a few still inconsistent with recording and reporting. Also there are health staff still not specifying the type of species and recording as Malaria positive only in the Malaria Registers.

### ENHIS

Most clinics are late in Reporting while few on time. For 2024, Malaria Reports by now all health facilities should have 10 monthly reports, however per ENHIS Reports as of 31.10.2024 few facilities have yet to have all 10 reports. For this year quarter three there should be ten monthly reports for all reporting Health facilities, some facilities have yet to have their tenth report submitted in the ENHIS.

Figure 1 NCD MALARIA MONTHLY REPORTS (ENHIS Data Source 30.11.2024)

### **ACHIVEMENTS**

1. Since 2023 I have as the NCDPHA Provincial Malaria Supervisor have been working closely with RAM/NMCP
2. Antenatal Nets are well accounted for by most of the health Facilities
3. Salvation Army Koki Clinic continuous providing Antenatal Service However received their first supply of Positive nets this quarter of 2024.
4. Murray Barracks and Jacksons Airbase received 2 bales each of Antenatal Net this quarter after being stopped and Reports show well accounted for, while Lawes Road Clinic also was supplied Positive Nets as well and reported well too
5. Exxon Mobil still funding Positive Nets for Positive Patients since this year in NCD.
6. In NCD NCDPHA continues to lead while, RAM continues to work closely to support the program in this Grant
7. Successful Q4 Distribution of Drugs, RDT and Nets to NCD Health Facilities done
8. Dry Season School Survey successfully done in 6 NCD schools.

## **CHALLENGES**

1. Unable to address malaria reporting issues on site or on the spot during visits as health staff are usually very busy with patient care which is of course priority.
2. Stock cards for Malaria Commodities not used in almost all Health facilities despite mentioned in refresher trainings and on site the main reason being man power down with patient load with no time to update stock cards
3. Malaria Data Recording and reporting is still an ongoing issue as not all staff attends malaria trainings
4. Health staff representing a Health facility attending Malaria trainings do not share what has been taught to other health staff of their clinics.
5. Positive nets not accounted for in few clinics as well as confusion between nets in one clinic.

## **RECOMMENDATION**

1. To have a Malaria Refresher Training in February 2025 as November is too busy with all programs.
2. For Health Facilities without assigned malaria health staff to Have a malaria assigned health staff to be in charge of TEST, TREAT & TRACK of the Malaria Program in each facility and this health staff should not be rotated.

## **ACKNOWLEDGEMENT**

1. ALL Health Facility OICs, health staff for working closely together and also support from auxiliary staff and health facility securities for their assistance especially with moving of malaria commodities.

## **PLAN FOR Quarter Four (4) 2024**

1. Per Direction from the Health Secretary regarding NMCPs continuous Biannual School Based Prevalence Survey
  - a) The first one was done in April in five different schools in the three electorates of NCD.
  - b) The second one was done successfully from October to November in the same schools with one more added.

## **ABBREVIATIONS**

**ACT-** Artesininin combination therapy

**ANC-** Antenatal Clinic

**CIS-** Correctional Institutional Service

**CQI** – Continuous Quality Initiative (Malaria Training)

**ENHIS-** Electronic National Health Information System

**GF-** Global Fund

**NCD-** National Capital District

**NCDPHA-** National Capital District Provincial Health Authority

**NDOH-** National Department of Health

**NHIS-** National Health Information System

**PILAG-** Pacific Institute of Leadership & Governance

**PNGDF-** Papua New Guinea Defense Force

**RAM-** Rotarian Against Malaria

**RDT-** Rapid Diagnostic Test

**RMC-** Regional Malaria Coordinator

**UC-** Urban Clinic

**UPNG-** University of Papua New Guinea

## **ANNEX ONE NCD MALARIA SITUATION in 2024**

In NCD, clinical diagnosis is discouraged, as RDT Malaria Test Kits are very much available all year around to all reporting Facilities. Clinical reporting is still an issue the National Referral Hospital\_ Port Moresby General Hospital providing mostly Microscopy and also RDT is used as well however still reporting Clinical Cases and clinical malaria deaths. All Health Facilities under NCDPHA uses mostly RDT, shown in Figure 2 below the use of RDT is more than Microscopy. High Burden Malaria Facilities having annual number of cases ranging between 100 to 800 includes Gerehu Hospital, Tokarara, St Paul, St Therese, 9mile, Gordons, 6mile Pari and Ulamagi while other facilities have less than a hundred in cases in a year (See Figure 3)

Most of these Malaria Cases are imported from the Boarder Provinces Central especially from Brown River and vanapa where it's easier to get Road transport to Port Moresby and back and the Gulf Province. Other Malaria positive cases are from when NCD Residents travel back from their Home Provinces after holidays or duty travels to Malaria burden province and new and old Students travelling into the province for tertiary schools (UPNG, PILAG, Education Institute and others). There is no evidence as yet to prove there is local transmission or not.

# NCD HEALTH FACILITIES MALARIA POSITIVES IN 2024
